MOSCOW

SHELL SCHEME – (built through Organisers)

Standard shell scheme stand includes:

- exhibition stand of ordered size made of white wall panels 2500x1000x4 mm with aluminium profile;
- carpet (grey);
- fascia panel;
- fascia panel name – 10 characters (Cyrillic or Latin) free of charge (extra characters are to be paid);
- 1 table (670x670)
- 2 chairs (black);
- 1 waste basket;
- 1 coat rack
- 1 spot light

Please note: The electrical consumption is not included in the shell scheme and need to be ordered separately in Form 6.

Wall panels must be returned after the exhibition without any damages caused, for example by: nailing, drilling, wallpapering, inappropriate sell tape etc. Please take care that you have enough chains, support brackets or special twin stick pads to display / hang up posters etc. Additional stand fittings or display items may not be attached to the stand shell structure by the means of spoiling the shell scheme construction.

The cost of repair or replacement of damaged equipment will be charged to the exhibitor.
